

HANEEN ABDELLATIF AHMED

Front-End Web Developer

haneen.abdellatif@email.com | +20 01117640330 | Suez, Egypt | [linkedin.com/in/haneen-abdellateef](https://www.linkedin.com/in/haneen-abdellateef) | [Github.com/ha-neenn](https://github.com/ha-neenn)

Computer science student at the Faculty of Computers and Information, Suez University, and a dedicated Front-End Web Developer. Hands-on experience in building responsive, modern, and user-centric web interfaces using React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, and Tailwind CSS. Strong foundation in Data Structures, Algorithms, and Object-Oriented Programming (OOP). Passionate about crafting responsive UI layouts and clean, user-focused web experiences.

SKILLS

Programming Languages: JavaScript (ES6+), C++, Python

Web Technologies: HTML5, CSS3, React.js, Bootstrap, DOM Manipulation, Tailwind, Responsive Design

Tools & Fundamentals: Git, GitHub, VS Code, Data Structures, Algorithms, OOP

EXPERIENCE

Front-End Web Development Trainee | Information Technology Institute (ITI) (Jul 2026- Aug 2026)

- Completed intensive practical training covering modern Front-End Web Development technologies and web standards.
- Developed responsive web interfaces using HTML5, CSS3, JavaScript, and Bootstrap, ensuring seamless cross-device layout rendering.
- Practiced clean coding practices, modern UI design implementation, and DOM manipulation for interactive features.

Front-End Development Trainee | Digital Egypt Pioneers Initiative (DEPI) (Jul 2026- Dec 2026)

- Build responsive web interfaces using React.js and modern JavaScript standards.
- Implement interactive user interface components following modern web performance and responsive design practices.
- Practice clean code, responsive UI implementation, and maintainable front-end development.

PROJECTS

Restaurant Landing page | (Jan 2026– Feb 2026)

Technologies: HTML5, CSS3, Bootstrap

- Designed and built a clean, fully responsive landing page for a restaurant showcasing food menus and reservation sections.
- Utilized Bootstrap grid system and components to build modern visual layouts and responsive navigation.
- Ensured seamless mobile-first responsiveness across various screen sizes and devices.

Glowik Admin Dashboard | (Apr 2026 – May 2026)

Technologies: HTML5, CSS3

- Designed and developed a responsive admin dashboard interface for managing beauty products, orders, and customer data.
- Implemented clean CSS Grid layouts for product inventory display, sidebar navigation, and custom soft pink UI styling.
- LINK: <https://ha-neenn.github.io/glowik-dashboard/>

Digital Agency Landing page | (Jul 2024 – Aug 2024)

Technologies: HTML5, CSS3

- Designed and developed a modern responsive agency landing page using semantic HTML5 and CSS3.
- Implemented responsive layout sections, modern visual structures, and reusable CSS styles.
